OUR STORY

Born from a passion for artisanal craftsmanship, **Vaibhavi** celebrates the beauty of handmade living.

Each piece is thoughtfully created by skilled artisans, blending traditional techniques with contemporary design sensibilities.

From embroidered wall art to handcrafted pottery and home accents, every collection is designed to bring warmth, texture, and individuality into modern interiors.

Every piece in this collection begins with an original hand-drawn sketch, thoughtfully translated onto natural fabrics through enduring textile traditions.

Featuring bed sheets, throws and quilts, the collection is brought to life using a blend of hand-finished techniques, with select pieces hand block printed in Bagru, India.

Designed to bring warmth, comfort and timeless character into the home, each piece celebrates the beauty of thoughtful making and everyday living.
